

MILLIONS MISSING?

Emergency Start-Here Guide

FREE TO COPY • FREE TO PRINT • FREE TO SHARE • NO CREDIT REQUIRED

SAVE THIS OFFLINE NOW. Keep a paper copy, a printed Bible, and an offline copy. This is general preparedness information, not a substitute for emergency services or medical care.

FIRST 10 MINUTES

- Move away from immediate danger: fire, damaged buildings, violence, floodwater, downed power lines, gas leaks, or traffic hazards.
- Check for serious injuries and use emergency services when operating and needed.
- Keep children and vulnerable people with a trusted adult.
- Do not rush toward crowds or dangerous areas just to find answers.
- Verify what happened using several reliable sources. Expect rumors and fake information.

START WITH JESUS

The Gospel is the good news that Jesus Christ died for our sins, was buried, and rose again (1 Corinthians 15:3-4). Salvation is God's gift, not something earned by good works (Ephesians 2:8-9). Romans 10:13 says, "For whosoever shall call upon the name of the Lord shall be saved."

Come to Jesus: Admit your sin and need for a Savior. Put your trust in Jesus Christ—His death and resurrection—rather than your own goodness. Begin reading the Gospel of John.

SURVIVAL PRIORITIES

- 1. Safety & Shelter** — Get out of immediate danger. Choose a structurally safe place appropriate for the hazard. Follow official evacuation or shelter instructions when available.
- 2. Safe Water** — Use bottled water when possible. For water that may contain germs, bring clear water to a rolling boil for 1 minute, or 3 minutes above 6,500 feet. Cool and store in a clean covered container.
- 3. Medicine & First Aid** — Keep essential medicines, medical-device supplies, written medication lists, allergies, and emergency contacts together. Serious emergencies need professional care when available.
- 4. Sanitation** — Use safe water for drinking and food. Wash hands often. Keep human waste away from food and water. Follow local public-health instructions where available.
- 5. Food** — Use shelf-stable food when refrigeration is uncertain. Keep refrigerator/freezer doors closed. When food safety is doubtful, discard it.
- 6. Power & Fire Safety** — Use battery lights. Never run generators, grills, or fuel-burning camp equipment inside a home, garage, or enclosed area. Carbon monoxide can kill without warning.

7. Communication — Keep a battery or hand-crank radio if possible. Put important phone numbers and meeting places on paper. Conserve phone power.

8. Vulnerable People — Plan for babies, children, older adults, disabilities, medical equipment, sensory needs, and pets.

WATER: REMEMBER THIS

Germs and chemicals are different problems. Boiling is excellent for killing disease-causing germs, but it does not remove harmful chemicals or radioactive contamination. If those are suspected, use a different safe source and follow public-health instructions.

For advance storage, CDC recommends at least 1 gallon of water per person per day for at least 3 days, with more when possible and additional needs for illness, pregnancy, heat, and pets.

DO NOT DO THESE THINGS

- Do not drink questionable water simply because it looks clear.
- Do not use generators, charcoal grills, or fuel-burning stoves indoors.
- Do not eat food that has become unsafe because of loss of refrigeration.
- Do not mix cleaning chemicals unless product directions specifically say to do so.
- Do not post your exact location, passwords, valuable supplies, or vulnerable people's information publicly.
- Do not make medical decisions from anonymous social-media posts when qualified care or authoritative guidance is available.
- Do not let fear push you into following someone who claims to be Christ. Compare spiritual claims with Scripture.

BIBLICAL WARNING DURING THE TRIBULATION

In the futurist Christian interpretation used by Millions Missing?, Revelation warns about the Beast, False Prophet, deception, worship, and the mark (Revelation 13-14). The Bible's warning is spiritual allegiance—not a reason to label every technology, payment system, ID, vaccine, or political leader as the mark without the surrounding biblical signs.

Remain faithful to Jesus. Read Revelation 13:7-18 and Revelation 14:9-12. Do not worship the Beast or his image, and do not receive the mark described there.

OFFLINE LIBRARY

- Printed Bible.
- Main Millions Missing? guide.
- This emergency guide.
- Paper medication lists, emergency contacts, important addresses, and family meeting plans.
- Offline copies on more than one USB drive or device.

IMPORTANT LIMITS

This guide presents a Christian pre-Tribulation interpretation. It does not set a Rapture date and does not claim every crisis is a fulfillment of Revelation. Verify events carefully. Scripture is the authority for biblical

claims; emergency agencies and qualified professionals should guide technical safety and medical decisions when available.

Emergency guidance: U.S. CDC water/sanitation guidance and FEMA/Ready.gov preparedness guidance. Technical recommendations can change; follow current local authorities when available.
