How to use your planner

JANUARY 1 THROUGH DECEMBER 31 2027

A COMPLETE BIBLE READING YEAR

Begin January 1 with Genesis and finish December 31 with Revelation. Each day assigns three or four consecutive chapters in the standard 66-book order. The plan covers all 1,189 chapters once. It follows book order, rather than a reconstructed historical chronology.

READ AND WRITE EACH DAY

Your assigned reading appears in every dated weekly day space. Check the small box after reading. Use the ruled lines for appointments, notes, a verse, a prayer, or something you learned. Chapter lengths vary; allow extra time for longer passages.

IF A READING IS MISSED

Write the missed reading in your notes and choose a workable time to return to it. Every calendar day has an assignment, so there are no built-in catch-up days. Keep the focus on steady understanding rather than rushing.

MONTHLY PLANNING PAGES

Each month has six pages: a calendar; tasks, reminders, and important dates; groceries; daily, weekly, and monthly chores; budget goals; and prayer with a monthly review. Weekly spreads follow those pages.

WEEKS THAT CROSS MONTHS

Weeks run Monday through Sunday and stay together under the month in which Monday falls. The first partial week belongs to January. Days outside 2027 have notes space but no reading assignment. Each 2027 date appears once in the weekly plan.

MAKE IT USEFUL FOR YOUR HOUSEHOLD

Use the blank lists for your actual responsibilities. Weekly pages include a household focus and a place to note meals or shopping needs. Monthly review pages include a small emergency-supply check. Add birthdays, appointments, church events, and bills as you plan.

PRINT AND COMPANION RESOURCES

Print on US Letter paper at actual size. For two-sided printing, flip on the long edge. Inner margins alternate for binding. The Bible is your reading text; MillionsMissingGuide.org is an optional companion reference.
