UYISIQALO EBHAYIBHELINI? QALA LAPHA.

Indaba Kusukela Ekudalweni Kuze Kube Sesiphambanweni

Uma iBhayibheli lizwakala lidida, qala ngesithombe esikhulu. Leli khasi lihamba ngendaba ngokulandelana: uNkulunkulu, ukudalwa, ukuhlubuka kukaSathane, ukuwa kwabantu, isono, uhlelo lukaNkulunkulu lokusindisa, uJesu Kristu, isiphambano, ukuvuka kwabafileyo, nokusindiswa.

Qala NoNkulunkuluNgingasindiswa kanjani?

1. UNkulunkulu Ungubani? Incazelo Elula KaZiqu-zintathu

AmaKristu akholelwa kuNkulunkulu oyedwa - hhayi onkulunkulu abathathu.

IBhayibheli likhombisa uNkulunkulu oyedwa weqiniso njengoYise, uNdodana, noMoya oPhilileyo. AmaKristu avame ukukubiza lokhu ngokuthi **uZiqu-zintathu** (uNkulunkulu oyedwa: uYise, uNdodana, noMoya oPhilileyo).

Awudingi ukuqonda ngokuphelele uZiqu-zintathu ngaphambi kokuba wazi uNkulunkulu noma ukholwe nguJesu. Ngisho amaKristu asemlandele uJesu iminyaka eminingi azi ukuthi uNkulunkulu mkhulu kunokuthi simchaze ngokuphelele.

Indlela elula yokukukhumbula:

Kukhona uNkulunkulu oyedwa.

UYise unguNkulunkulu.

UJesu, uNdodana, unguNkulunkulu.

UMoya oPhilileyo unguNkulunkulu.

UYise akayena uNdodana. UNdodana akayena uMoya oPhilileyo. UMoya oPhilileyo akayena uYise. Kodwa kukhona uNkulunkulu oyedwa kuphela.

“Zwana, Israyeli: iNkosi uNkulunkulu wethu iyiNkosi eyodwa.” - uDuteronomi 6:4 (IBhayibheli)

UJesu wayekhona ngaphambi kokuzalelwa eBetlehema

IBhayibheli lithi uJesu “nguZwi” futhi lithi wayenoNkulunkulu ekuqaleni futhi wayenguNkulunkulu. Lithi futhi zonke izinto zadalwa ngaye. Kamuva, lelo Zwi laba yinyama lahlala phakathi kwethu.

“Ekuqaleni kwakukhona izwi, izwi lalinaNkulunkulu, izwi lalinguNkulunkulu.” - uJohane 1:1 (IBhayibheli)

“Zonke izinto zadalwa nguye, ngaphandle kwakhe akwenziwanga lutho olwenziweyo.” - uJohane 1:3 (IBhayibheli)

“Izwi laba yinyama, lahlala phakathi kwethu...” - uJohane 1:14 (IBhayibheli)

UMoya oPhilileyo wayekhona ekudalweni

“UMoya kaNkulunkulu wayehamba phezu kwamanzi.” - Genesise 1:2 (IBhayibheli)

Isithombe esicacile sikaYise, uNdodana noMoya oPhilileyo

Ekubhaphathizweni kukaJesu, uJesu uNdodana usemanzini, uMoya oPhilileyo wehla njengejuba, izwi likaYise likhuluma lisezulwini. Bahlukile, kodwa imibhalo ifundisa ukuthi kunoNkulunkulu oyedwa.

“Bheka, izwi livela ezulwini lithi: Lo unguNdodana yami eyintanda, engiyithokozela.” - uMathewu 3:17 (IBhayibheli)

Ngakho uma kamuva ufunda ukuthi uNkulunkulu wathumela uNdodana wakhe, ukuthi uJesu wathandaza kuYise, noma ukuthi uMoya oPhilileyo usebenza kubakholwayo, awufundi ngonkulunkulu abathathu abahlukenene. Ufunda ngoNkulunkulu oyedwa weqiniso ovezwe njengoYise, uNdodana noMoya oPhilileyo.

2. UNkulunkulu Wadala Izulu Nomhlaba

“Ekuqaleni uNkulunkulu wadala izulu nomhlaba.” - Genesise 1:1 (IBhayibheli)

UNkulunkulu uyiMdali. IGenesise ichaza uNkulunkulu edala ukukhanya, isibhakabhaka, umhlaba owomile, ulwandle, izimila, ilanga nenyanga, izilwane nabantu. Lapho ukudalwa sekuphelele, imibhalo ithi uNkulunkulu wabona konke abekwenzile futhi kwakuhle kakhulu.

Abantu bayigugu ngokukhethekile ekudalweni kukaNkulunkulu ngoba iBhayibheli lithi sadalwa **ngomfanekiso wakhe**. Lokho akusho ukuthi uNkulunkulu unomzimba womuntu noma ukuthi sibukeka njengaye ngokomzimba. Kusho ukuthi usenze ngendlela ekhethekile ebonisa okuthile ngokuthi unguNkulunkulu onjani.

Singathanda, sicabange, sidale, sixhumane, senze izinqumo ezibalulekile, siqonde okulungile nokubi, sinakekele abanye, futhi sibe nobudlelwano neMdali yethu. Wonke umuntu uyigugu ngoba wonke umuntu uphethe umfanekiso kaNkulunkulu – noma ngabe uneminyaka emingaki, unamandla anjani, uvelaphi, noma ukuphi isimo sakhe.

“UNkulunkulu wadala umuntu ngomfanekiso wakhe...” – Genesise 1:27 (IBhayibheli)

3. Kwenzekani NoSathane?

IBhayibheli lisitshela ukuthi kukhona isitha sangempela esingokomoya esibizwa ngokuthi uSathane, noma uDeveli. Ungase futhi umbone ebizwa ngokuthi yinyoka, umlingi, noma ummangaleli. Inhloso yakhe ukudonsa abantu kude noNkulunkulu, hhayi ngoba abantu bengelutho, kodwa ngoba abantu bebalulekile kakhulu kuNkulunkulu.

“Lahlanjwa phansi udrako omkhulu, inyoka endala, ebizwa ngokuthi uDeveli noSathane, ekhohlisa umhlaba wonke...” – IsAmbulo 12:9 (IBhayibheli)

IBhayibheli lithi uSathane wadalwa nguNkulunkulu kodwa wamhlubuka. Wayefuna indlela yakhe esikhundleni sendlela kaNkulunkulu. IBhayibheli lisinika izibuko nje zalokhu kuhlubuka kunokuba lisinike indaba eyodwa ende nenemininingwane, ngakho kukhona izinto okufanele siqaphele ukuthi singazisho ngokuqiniseka.

Kungani uSathane ebazonda abantu?

IBhayibheli alinaso isivesi esisodwa esithi nje, “USathane ubazonda abantu ngoba badalwe ngomfanekiso kaNkulunkulu.” Kodwa uma sihlanganisa indaba yeBhayibheli, amaKristu amaningi aqonda ukuthi lokhu kuyingxenye ebalulekile yesizathu.

Wadalwa ngomfanekiso kaNkulunkulu uSathane ayemhlubuka. Abantu bathandwa nguNkulunkulu, badalelwe ukumazi, futhi bamenyelwe ebudlelwaneni naYe. USathane uyamelana noNkulunkulu, ngakho usebenza nokumelana nabantu abaphethe umfanekiso kaNkulunkulu nabathandwa nguYe.

Lokhu akusho ukuthi kufanele umesabe uSathane. **Akalingani noNkulunkulu.** Akayena enye unkulunkulu. Uyisidalwa, futhi iBhayibheli lifundisa ukuthi ukwehlulwa kwakhe kokugcina kuqinisekile. Inhloso yokumqonda akukwesabisa. Kuwukukusiza uqonde ukuthi kungani iBhayibheli likhuluma ngokulingwa, amanga, ukuhlaselwa okungokomoya, nesidingo sethu sokuhlala sisondele kuNkulunkulu.

AmaKristu amaningi abheka futhi ku-**Hezekeli 28:12-17** nasku-**Isaya 14:12-15** ukuthola isithombe sobuhle, sokuziphakamisa nokuhlubuka kukaSathane. UHezekeli 28 wakhulunywa enkosini yaseThire, ngakho amaKristu ayahluka ngokuthi lokhu kumchaza ngqo kangakanani uSathane. Nokho, ulimi lukhuluma ngase-Edeni, ngekherubi elicwiliswe, ngobuhle obukhulu, nangesidalwa lapho kamuva kwatholakala khona isono.

EBhayibhelini lesiNgisi i-KJV, uHezekeli 28:13 uqamba **izinhlobo eziyisishiyagalolunye zamatshe ayigugu**. Abanye othisha beBhayibheli bayabaqhathanisa nawo **amatshe ayishumi nambili esisekelo seJerusalema Elisha** kusAmbulo 21:19-20 futhi babona isithombe sesidalwa esizama ukulingisa inkazimulo kaNkulunkulu kodwa sehluleka. IBhayibheli aliqhathanisi ngqo inani lamatshe, futhi amatshe alishumi nambili kusAmbulo achaza iJerusalema Elisha, hhayi uNkulunkulu uqobo. Ngakho kufanele sikubheke lokho njengesithombe esisizayo, hhayi njengesisho seBhayibheli esiqondile.

Iphuzu eliphelele licace ku-Isaya: **“Ngifane naLowo oPhezukonke.”** USathane wayefuna indawo eyayingekaNkulunkulu. Kodwa wadalwa nguNkulunkulu. Wayengeke abe nguNkulunkulu noma alingane naye.

“Ngiyakukhuphukela ngaphezu kwamafu aphakeme, ngifane naLowo oPhezukonke.”
- Isaya 14:14 (IBhayibheli)

4. Inyoka, U-Adamu No-Eva, Nokuwa

IGenesise 3 isitshela ukuthi inyoka yalinga u-Eva ukuba athandabuze izwi likaNkulunkulu amone. U-Adamu naye akalalelanga. Isono sangena endabeni yabantu, nokufa kwalandela.

“Ngalokho, njengalokhu isono sangena ezweni ngomuntu oyedwa, nokufa ngesono...”
- KwabaseRoma 5:12 (IBhayibheli)

Yingakho umhlaba esiwaziyo unokufa, ubuhlungu, ukulingwa, ubudlelwano obephukile, ukungabi nabulungisa nokuhlukaniswa noNkulunkulu. Ukudalwa okuhle kukaNkulunkulu kwakungeyona inkinga. Ukuhlubuka nesono kwaletsa ukuphahlazeka.

5. Isono Siyini, Futhi Kungani Sibalulekile?

Isono akusona nje uhlu lwamacala amakhulu. Isono ukuswela izinga eliphelele likaNkulunkulu nokuphikisana nentando yakhe. Sihlanganisa izinto esingacabanga ukuthi “ziyincane,” njengamanga, ukweba, umhawu, inkanuko embi, inzondo, ukuzicabangela wedwa, noma ukukhetha ngamabomu lokho esikwaziyo ukuthi akulungile.

Awudingi ukwephula yonke imiyalo eyishumi ukuze udinge intethelelo. Ngisho isono esisodwa sibonisa ukuthi siswele. UJakobe uthi noma ubani ogcina wonke umthetho kodwa ephambuka ephuzwini elilodwa unecala lokwephula umthetho.

“Ngokuba bonke basone, basilela enkazimulweni kaNkulunkulu;” – KwabaseRoma 3:23 (IBhayibheli)

“Ngokuba noma ubani ogcina umthetho wonke, kepha eshaya ngento eyodwa, unecala ngakho konke.” – uJakobe 2:10 (IBhayibheli)

Isono sisihlukanisa noNkulunkulu ongcewele. U-Isaya uthi, “ububi benu bunahlukanisile phakathi kwenu noNkulunkulu wenu.” Asikwazi ukukhipha le nkinga ngokuzenzisa ukuthi asikaze sone noma ngokuthemba ukuthi imisebenzi yethu emihle izobhubhisa konke.

“Kepha ububi benu bunahlukanisile phakathi kwenu noNkulunkulu wenu...” – Isaya 59:2 (IBhayibheli)
